EDUCATION

ABESIT Group of Institutions

B.Tech in Computer Science

St.Antony's Inter College

High School(ICSE) with 90.4%

St.Antony's Inter College

Intermediate(ICSE) with 84.25%

NOV 2021 - May 2025

Current GPA: 7.4

May 2019

June 2021

WORK EXPERIENCE

Taxian | SDE Intern

Aug 24 - Oct 25

- Built 20+ reusable React components and reduced page load time by 27% using code-splitting and lazy loading
- Documented 15 REST endpoints in Postman, enabling 3 B2B teams to self-serve API tests and cutting QA hand-offs by 1 day per sprint.
- Paired with UI/UX designer to improve checkout UX, increasing conversion on pilot page from 2.1% → 3.4%.

PROJECTS

Content Generator for Saas App | Live Demo

April 2025

- Designed and developed a dynamic, responsive web app for generating content for your Saas app such as YouTube, Instagram, blog etc.
- Streamlined data management with Drizzle ORM and used the payment gateway option using Razorpay api
- Total credits of the user and the left Usage is also integrated for the no of time user uses the app.
- Implemented the Rich-Text Editor for editing the output generated

URL-SHORTENER | Live Demo

Feb 2024

- This Project aims to shorten your long URL by creating a unique Short ID.
- Shows the Scanner of short URL along with shortened URL Link and also shows the history of your work,
- Implemented the Key-value Mapping features using the database

AI-Interview Mocker | Live Demo

July 2024

- Designed and developed a dynamic, responsive frontend using ReactJS and Next.js, leveraging Tailwind CSS to create a visually appealing, modern, and user-friendly interface.
- Streamlined data management with Drizzle ORM and implemented secure user authentication using Clerk
- Integrated the Gemini AI API with NextJS to retrieve the result and take the user interview
- Generates the question as per the input entered by user such as (techstack, YOE, languages known etc).

SKILLS

Languages: C, Python, Java, JavaScript, HTML/CSS

Tools: Git/GitHub, VS Code, IntelliJ

Database: My SQL, PostgreSQL, MongoDB

Framework: ReactJS, NodeJS, ExpressJS

Methodologies: OOP'S, Problem-Solving, Agile Methodologies, SDLC, ACID Transaction, RestFul API Design

Soft-Skills: Leadership, Time-Management, Communication, Team Work, Innovation, Adaptability, Decision-Making

CERTIFICATIONS

Microsoft azure fundamentals

Learn about the basics services and facilities provided by Microsoft

Microsoft Gen AI fundamentals

Learned about the Gen Ai Models , their fundamentals and workings.
